Since John Davies started using the blackberries from around the old Clubhouse, both he and Mary have been producing jam on an almost industrial scale. The reputation of the jam grew and so did the substantial amount of funds it raised for the Club

Sadly now with a lack of fruit, and a rise in the cost of other produce, Mary can no longer keep the 'jam factory' working and regrettably the current supply will be the last - so no need to save any more jars

I am sure we would all take the opportunity to thank Mary for the fantastic contribution that both she and John have made over the years and I know members and our visitors will be disappointed it cannot continue
