~ The Committee held a meeting this morning via Zoom to discuss the Government advice and to see if we can find a safe way of allowing members to use the green for a non-competitive roll up as part of their daily exercise. We will now prepare the green and club grounds to enable us to open three rinks, on a trial basis, that will try to ensure total safety for all members. The plan is that the green will open with effect from Monday 25 May but under a clear set of guidelines that will need to be strictly followed. These guidelines, together with details of a compulsory online rink booking calendar, will be emailed to all members by Tuesday morning
